Your Partner in Teaching Supplies
A Wit's Lighthouse Initiative

Our Story

Founded in 2012, Wit's Lighthouse began as a lighting supplier serving Singapore's commercial sector. Over the years, we expanded into electrical hardware, ceiling fans, and switches—but our real strength emerged in something less visible: procurement specialization and corporate invoicing excellence.

While our roots are in lighting products, what sets us apart is our ability to source hard-to-find items globally, navigate complex logistics, and provide audit-ready documentation that corporate clients need. We've earned the trust of notable organizations including Ya Kun Kaya Toast, the National Heritage Board, and numerous other Singapore enterprises.

In 2022, amid the challenges of COVID-19, we restructured into Wit's Lighthouse Pte Ltd—a move that positioned us to expand our procurement expertise into new sectors. Today, we're bringing our proven B2B model to Singapore's education community.

Partnering Educators

✓ **Procurement Specialists**

12+ years navigating global supply chains, customs clearance, and international sourcing

✓ **Corporate-Ready Invoicing**

Documentation that meets school procurement requirements

✓ **Made-to-Order Model**

No stock limitations—we source exactly what you need for each project

✓ **Trusted by Major Brands**

Proven track record with Ya Kun, National Heritage Board, and corporate clients

✓ **Small Enough to Care**

Singapore SME that's responsive, flexible, and genuinely invested in your success

Our Mission for Educators

We believe teachers should spend their time teaching—not on the nuances of procurement. By bringing our procurement expertise to Singapore's education sector, we're helping educators access quality materials without the usual headaches of sourcing, logistics, and documentation.
